Thanks. Also, I see that you have two separate determination documents (and recommendation summaries) for these, but they should be combined into one document.

[Ex. 6 Personal Privacy (PP)] have you filled out the new QC checklist for these cases?

We should clarify what qualifies as “hair on fire” that rises to level of competing **Ex. 5 Deliberative Process (DP)**, but I would say that since the company keeps asking, these would qualify. Especially also since, as you said to me, the underlying support docs are finished.

The technical contact on these two consolidated cases has called a couple times within the past several days asking how much longer it will be until the Determinations are signed. The last call, late Friday, requests that we prioritize the cases.

The PMNs will be NL **Ex. 5 Deliberative Process (DP)**. The Determination Documents and Rec Summaries were placed in the Waiting CCD QC folder on 5/3. The SDSs have been updated and both cases could conceivably be signed in May.
